WORKSHOP 2

Polymorphism

CSX3004 Programming Languages

Kwankamol Nongpong

ACTIVITY: POLYMORPHISM IN THE LANGUAGE

Goal: Identify types of polymorphisms supported in a chosen programming language

Time Limit: 30 minutes

WHAT TO DO?

1. Pick a language of your choice.

2. Consider the 4 types of polymorphisms discussed in class.

3. Discuss which types of polymorphisms are supported by the language.

4. Provide examples.
